

WILD STYLE

Exclusive classic Café Racer.

High concentration LED turn signal

Circular cigar smoke modeling, ultrasonic seamless welding technology, meet the ECU safety standards, waterproof and moisture-proof, high penetration of light.

Integrated wraparound LED taillight

Integrated running light, brake light, license light, automatic sensitive lights. Visual range of more than 270°. make night driving safer.

DYNAMIC LED HEADLIGHT

Adapting to ever changing road conditions - day and night

High luminance; Wide angle; Top safety

LCD ELECTRONIC POINTER INSTRUMENT

Ingenious combination of technology and retro style Following the impression of classic mechanical pointer of cafe racer, It is more refined, simple and graceful while backlight enhances texture in details.

Big capacity lithium pack

Plentiful energy, support longer autonomy. Passed UN38.3 tests. Lithium pouch cell, with high capacity 3240Wh. Autonomy 110km tested in lab at speed 45km/h.

FOC vector controller 3.0

More powerful, higher efficiency. Self developed BMOS communication system. Input power increased 16%. Fully upgraded power system. Torque controlled. Work with high-accuracy controller setting. Inspire the full potential of driving system.

CBS, Front and rear brake combined brake system

High efficiency brake, Safe and reliable. Front and rear 240mm disc brake. Front wheel with three piston floating calipers. Rear wheel with single piston floating calipers. Improving braking performance. Teflon Brake tube High coefficient of anti-swelling, more secure.

Peak Torque

Climbing angle

Peak Power

Energy conversion

HIGH POWER CENTRAL MOTOR

Create your own fast & furious

Brand new self developed central motor, with high matching ratio between coil and magnetic steel.
Belt driven and perfect weight distribution between front and rear wheel. Sporty experience improved.

Classic elements distinctive of a **Café Racer**

Specifications

Model	TC-Max	Climbing angle	17°
L*W*H	1963*710*1047mm	Net weight	103.5kg
Rear wheel peak torque	180 N-m	Instrument	LCD instrument
Range	110KM	Instrument colour	White backlight
Voltage	72V	Motor rated power	3000 W
Capacity	45Ah	Peak power	5000 W
Motor type	Central motor with belt	Keyless remote	Standard for whole product line
Charge time	8-9 hours	Brakes	240mm front and rear disc (CBS)
